 Description of work:

Water:

Septic: YES NO Well: YES NO

Estimated value of project: \$ _____

Building Permit Fee: _____
 Inspection Fees: _____

Per your request, attached you will find the paper work for the permits you will need. When you are ready to build, I will need 2 separate checks, both made out to the town of Avoca. One check for the inspection and one check for the building permit. (I can tell you fees once I know square footage).

You will need to return the building permit application to me with both checks and the Inspection permit application and any other information they may request will be sent to Benton County Risk Reduction. If you have any questions, please feel free to contact me at the numbers below.

Thank you.
